Subsequently, Lala Lajpat Rai University of Veterinary and Animal Sciences, Hisar, was carved out of CCSHAU in 2010. In 2006, the College of Veterinary Science was upgraded to Guru Angad Dev Veterinary and Animal Sciences University (GADVASU) at Ludhiana. College of Agriculture, Palampur, established under the aegis of PAU, was transferred to Himachal Pradesh University in 1970, which later led to the establishment of Chaudhary Sarwan Kumar Himachal Pradesh Krishi Vishvavidyala (CSKHPKV), Palampur, in 1978. Later Dr Yashwant Singh Parmar University of Horticulture & Forestry, Solan, was carved out of CSKHPKV in 1985. Punjab Agricultural University rightly reserves the claim to be the vanguard of multiple State Agricultural Universities.

Modeled on the pattern of Land Grant Colleges

of the USA, the Punjab Agricultural University (PAU) is committed to impart teaching, research and extension education in agriculture and its allied fields. Its immense contribution in the overall growth in agriculture and in human resource development has given it the status of the prime engine of development in Punjab and one of the best Agricultural Universities in Asia.

The University is a focal point of several new scientific discoveries and innovations which have triggered rapid agricultural transformation in the country. It is proud of its alumni who have contributed in improving the agricultural production and have enabled a relatively small state of Punjab with only 4.2 million hectare cultivated area to contribute 35-70 per cent wheat and 25-45 per cent rice towards central food reserves of the country. This is a consequence of path-breaking research at PAU backed by world-class teaching, and extension services provided at the door-step of farmers, and the continuous Government policy support. Further, Punjab is producing 27% apiary honey of the country as a result of introduction and promotion of Italian honey bee and 14% mushrooms. Since inception, the University has developed/recommended 932 varieties/hybrids of different crops out of which 229 varieties have also been

released at national level. The varieties developed by Punjab Agricultural University became popular not only in Punjab but also in other states. These include, “HB 1”, world’s first grain pearl millet hybrid, ‘Paras’ the first single cross hybrid of maize, ‘PGSH 51’ the first hybrid of gobhi sarson in India, first hybrid muskmelon (Punjab hybrid) in India, first biofortified (high grain zinc) wheat variety (PBW1 Zn) in India, first public sector Bt cotton variety (PAU Bt 1) in India, first canola quality raya hybrid (RCH1) in the country, first canola gobhi sarson (GSC 6) variety in India, first hull-less seeded pumpkin (PAU magaz kadoo 1) in India. PAU is the first State Agricultural University to develop two potato varieties PAU 101 & PAU 102 through its in-house breeding programme. The varieties of wheat, rice, maize and chickpea developed by PAU were put under commercial cultivation in other countries too. In horticulture, development of improved varieties / hybrids of vegetables, new introduction of fruits, production of healthy nursery and improved cultivation led to significant increase in their area and production. Kinnow occupies the first position among fruits in the State. Recently released less seeded variety of Kinnow, namely, PAU Kinnow-1 is more suitable for processing. The Soil Reclamation Technology developed by the University helped reclaiming 6 lac ha of salt affected soils in the State. Recent efforts on conservation of agriculture have led to the development of micro-irrigation and fertigation regimes in field and horticultural crops, laser land leveling, PAU Super Straw Management System, Happy Seeder, Smart Seeder, PAU Straw Cutter-cum-Spreader technologies and agronomic practices under residue retention in fields. Biofertilizers (Consortium inoculants) have been recommended for 17 crops for enhancing yield and improving soil health. Technology development has also focussed on nutrition through variety development and processing intervention. Research in agricultural engineering led to the emergence of Punjab as a hub of farm machinery manufacturing and mechanization. Forty two per cent of the agricultural machinery recommended by ICAR at National Level has been developed at PAU.

In recognition of these outstanding achievements in agricultural research, education and effective transfer

of technology, PAU was the first to win the ‘ICAR Best Institution Award’ in 1995 and again got ‘Sardar Patel outstanding ICAR Institution Award’ in 2017.

PAU has been accredited with overall A+ grade by ICAR for five years (2019-2024). During 2020, PAU was ranked 5th among Agricultural Universities and Institutes of India by ICAR with 2nd position among State Agricultural Universities.

PAU was ranked 1st among all Agricultural Institutes of the country by Society of Genetics and Plant Breeding for development of landmark varieties in 2017. It was also ranked 1st by Confederation of Indian Industries-Indian Citation Index (CII-ICI) among all State Universities (including agricultural and non-agricultural universities) of the country with respect to total number of publications and total number of citations.

Z = Overall Credit Point Average (OCPA) in 10.00 point system of evaluation

- For conversion of Overall Grade Point average (OGPA) into OCPA :

For Undergraduate programmes

$$Z = (50 - 10X + 5X^2) / 10$$

Where Z = OCPA in 10.00 point system of evaluation.

X = OGPA (maximum = 4.00) in the letter grade system of evaluation.

For Postgraduate Programmes

$$Z = (25X - 15) / 10$$

Where Z = OCPA in 10.00 point system of evaluation.

X = OGPA (maximum = 4.00) in the letter grade system of evaluation.

CHAPTER XVII

Instructions/Regulations Regarding Ragging

(According to the Supreme Court judgement in SLP by Vishwa Jagriti Mission in 2001)

Ragging is “Any disorderly conduct whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness any other student, indulging in rowdy or undisciplined activities which causes or is likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student or asking the students to do any act or perform something which such student will not in the ordinary course and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the physique or psyche of a fresher or a junior student.”

However, according to Raghavan Committee observations, ragging has several aspects with among other psychological, social, political, economic, cultural and academic dimensions.

- Any act that prevents, disrupts or disturbs the regular academic activity of a student should be considered within the academics related aspect of ragging; similarly, exploiting the services of a junior student for completing the academic tasks assigned to an individual or a group of seniors is also an aspect of academics related ragging prevalent in many institutions.
- Any act of financial extortion or forceful expenditure burden put on a junior student by senior students should be considered an aspect of ragging for ragging with economic dimensions.
- Any act of physical abuse including all variants of it : sexual abuse, homosexual assaults, stripping, forcing obscene and lewd acts, gestures, causing bodily harm or any other danger to health or person can be put in the category of ragging with criminal dimensions.
- Any act or abuse by spoken words, e-mails, snail-mails, public insults should be considered within the psychological aspects of ragging. This aspect

would also include deriving perverted pleasure, vicarious or sadistic thrill from actively or passively participating in the discomfiture to others; the absence of preparing ‘freshers’ in the run up to their admission to higher education and life in hostels also can be ascribed as a psychological aspect of ragging - coping skills in interaction with seniors or strangers can be imparted by parents as well. Any act that affects the mental health and self confidence of students also can be described in terms of the psychological aspect of ragging.

- The human rights perspective of ragging involves the injury caused to the fundamental right to human dignity through humiliation heaped on junior students by seniors; often resulting in the extreme step of suicide by the victims.

Instructions/regulations

- Ragging is not an ice-breaker for the fresher and not a harmless fun, but cuts deep into the mental health of the ragged.
- Ragging in educational institutions is neither a means of familiarization nor an introduction with ‘freshers’, but a form of psychopathic behaviour and a reflection of deviant personalities, which reproduces the entrenched power configurations prevalent in the civil society.
- Migration certificate of students should mention whether any punishment had been meted out for ragging in the previous institution.
- An annual undertaking to be signed by each student whether fresher or senior, and his/her parent(s) jointly stating that each of them have read the relevant instructions/regulations against ragging as well as punishments, and that if the ward has been found guilty, he/she should be proceeded against (Specimen of Undertaking given at the back of this page).

- Undertaking should be provided in English as well as in the vernacular language.
 - The burden of proof will lie on the perpetrator and not on the victim to prove that ragging did not take place.
 - Punishment to be meted out will be exemplary and justifiably harsh.
- Punishments**
- Depending upon the severity of the case, following punishments may be awarded :
- Suspension from attending the classes
 - Individual or collective fines
 - Withholding / withdrawing scholarships, fellowships and other benefits
 - Debarring from appearing in any test/examination and other evaluation process
 - Withholdings results
 - Debarring from representing the institution in any national and international meet, tournament, youth festival, etc.
 - Suspension/expulsion from the hostel
 - Rustication from the institution for periods varying from one or more semesters
 - Cancellation of admission
 - Expulsion from the institution and consequent debarring from admission to any other institution
 - Recommendation of registration of FIR against the ragger under the various provisions of Indian Penal Code (IPC)
